

REWRITING HISTORY WITH MANUGRAPH.

Being a pioneer in introducing a revolutionary newspaper that simply quenched the information, news and entertainment thirst of people across strata, it was imperative to keep up with our readers' expectations. By striking an excellent cost-performance ratio, Manugraph has once again proved that nothing is impossible. As they say, it takes a leader to understand a leader.

– Mr. Vijay Sankeshwar, Chairman of Vijayavani

Our association with Manugraph is not new. During our past dealings, we have had a very pleasing experience with the products, approach, services, availability of spares, honesty and integrity. So, this time we have ordered a total of 14 Press Lines (total 58 towers) from Manugraph, which include 2 Hiline (5 towers each) and 12 Cityline Express (4 towers each).
